

Climate and surface and ground-water in the Baltic region – variability, trends, and impacts

81st International Scientific
Conference of the
University of Latvia 2023

Friday, 10 March 2023 - Friday, 10 March 2023

Fully online event

Scientific Programme

We organize the scientific program into three blocks:

1. Climate change and its impacts
2. Data and models
3. Water in forest and agrarian systems

Please see the presentation timetable [here](#).
