

3rd FORTHEM international conference: Democratic & Responsible Bio Innovation

Thursday, 12 March 2026

Microbiome & Multi Omics in Health, Food (10:00 - 11:20)

time	[id] title	presenter
10:00	[21] Safeguarding insect mass-rearing: molecular approaches to pathogen identification and surveillance	HERNÁNDEZ-PELEGRÍN, Luis
10:20	[43] Human Milk Metabolomics Across Lactation: Bioactive Compound Dynamics and Perspectives for Maternal and Infant Health	SÁEZ, Andrea
10:40	[22] Multi-Omics Insights into the Anti-Mycotoxigenic Activity of Citrus aurantium Extract Against Aspergillus niger in Stored Cereals	Mrs LAMINE, Myriam OUESLATI, Souheib
11:00	[25] Microbial response and process stability under sodium reduction in Castelvetro table olives	PERRICONE, Giulio
